

Preached Retreat July 14-20, 2013

*Deep Transitions: Moving into the Story*

**Retreat Focus:** Through input, contemplative time, prayer and ritual, this retreat offers opportunities for delving more deeply into the mystery and theological implications of the Universe Story. It is important that participants have knowledge of the Universe Story before making this retreat, either through participation in previous retreats or programs or through personal reading and study. Recommended books or DVDs for background preparation might include writings by Brian Swimme, Mary Evelyn Tucker, Thomas Berry, Judy Cannato, Michael Dowd, and Diarmuid O'Murchu. Materials are available at Jubilee Farm.

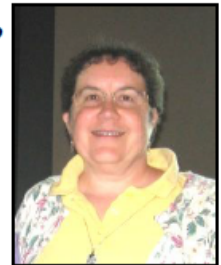

**Retreat Director:** *Sr. Sharon Zayac, OP*

Sharon Zayac, OP has experience in secondary education, hospital administration and Earth Literacy. She is Director of Jubilee Farm, the congregation's 111-acre center for ecology and spirituality. Sharon writes, lectures on current ecological issues, and presents retreat days exploring the Universe Story and its impact on our lives, our faith, and our everyday experience.

**Coordinator for Ritual/Prayer:** *Sr. Anita Cleary, OP*

Anita Cleary, OP is a spiritual/retreat director at Jubilee Farm with education in Earth Literacy. She brings various life experiences to this ministry as a hospice nurse, spiritual/grief coordinator and a missionary in Peru. Anita enjoys spinning, weaving, and felting the fiber from Jubilee Farm's five llamas.
